Ryan APPADOO
BSc Student, Year 3

"My experience in the BSc in Economics and Finance (Hons) has been very rewarding. I discovered new subjects, such as Business Law and Computer Science, which broadened my interests and perspective. One of the highlights has been the strong sense of community among my classmates. Despite coming from different educational backgrounds, we supported one another and built meaningful friendships. My advice to future students is simple: don't leave things until the last minute, and don't overthink your decisions. Sometimes, the best opportunities come from taking that first step and discovering where it leads."
